

Samuele CIPRIETTI

PROFILE

I am currently a PhD student at the **London School of Geometry and Number Theory**. I am based at Imperial College London under the supervision of Paolo Cascini. I work on foliation theory in positive characteristic with a particular focus on the birational geometric aspects.

EDUCATION

- PHD IN MATHEMATICS.2023-present
London School of Geometry and Number Theory.
◊ Supervisor: Paolo Cascini.
- MASTER'S DEGREE IN MATHEMATICS.2020-2022
Università degli studi di Roma "La Sapienza".
◊ Thesis title: *The Cone Theorem in the Minimal Model Program*.
◊ Final degree mark: 110/110 with honors
- BACHELOR'S DEGREE IN MATHEMATICS.2017-2020
Università degli studi di Roma "La Sapienza".
◊ Thesis title: *Hurewicz Theorem and Whitehead Theorem*.
◊ Final degree mark: 110/110 with honors

TEACHING EXPERIENCES

- TEACHING ASSISTANT.2021
Università degli studi di Roma "La Sapienza"
◊ Tutoring activity for first year undergraduate in Mathematics focused on metric spaces, sequences and series of functions and ODE.
